

What's New for Project Management Center 7.9 Release

Project Management Center (PMC) 7.9 Release implements changes to the IIJA/IRA Federal Assistance Reporting Checklist (FARC) and the IIJA Work Location eForm.

Specific Functionality

1. IIJA FARC - Changes

- Section V Infrastructure Investment and Jobs Act/Inflation Reduction Act Reporting
 - Removed reporting requirements that are no longer required.

**Note: As with all FARC changes, the user will need to modify the existing FARC to see the updated FARC.*

2. Location of IIJA Work eForm - Changes

- Added question to identify whether recipient is an EECBG Grantee.
- Added Operations Site as an available location type for selection and removed options that are no longer relevant.
- Removed questions and options that are no longer contained in the IIJA Locations of Work form.
